

RUDOLPH M. DE VILLIERS

SHORT DESCRIPTION OF MYSELF

I am a 21 year old student from a loving family. I am the youngest of 2 brothers.

From a young age my father has taught me how to work with money but it was in high school that I developed a passion for accounting, thus it was an easy decision for me to study Accounting.

I enjoy being active and in my free time I like to explore Stellenbosch's mountain biking trails or to play some squash with my friends.

I always strive to do the best that I can in the things I take on and I always want to be the best version of myself.
